REMEDY NO: 103794-F2

CLERK, U.S. DISTRICT COURT

CASE NO: 4:16-MJ-80244-BJ

4:16-CR-122-O(5)

EMERGENCY MOTION FOR SENTENCE REDUCTION
PURSUANT TO 18 U.S.C. § 3582 (C)(1)(A)

Petitioner, EPITACIO CABRERA CASTILLO, Pro se, respectfully moves this Honorable court pursuant to amendments made in compassionate release due to "first step Act", "Extraordinary and compelling" reasons provision under 18 U.S.C. § 3582 (C)(1)(A)(i), to grant petitioner compassionate release due to his underlying medical health which puts petitioner at risk of severe illness and or death if infected with COVID-19 virus. In support of this motion, petitioner states as follows;

BACKGROUND

On November 8, 2016, Petitioner was sentenced by this court to 360 months of incarceration followed by 4 years of supervised release, for "conspiracy to possess with intent to distribute a controlled substance - CT-1".

Petitioner is scheduled to be released on November 11, 2041 and as of now has served 4 years 5 months of his 360 months sentence.

ADMINISTRATIVE REMEDY

Administrative Remedy NO: 103794-F2

On June 29, 2020, petitioner mailed BP-9 to USP Lewisburg Warden RADM, S. Spaulding.

On July 10, 2020, petitioner's BP-9 was denied by Warden (See Receipt-Admin-Remedy and Warden's denial order here with)

On July 13, 2020, petitioner mailed BP-10 to the Regional office. By August 14, 2020, petitioner did not receive a receipt; a response; or a denial from the Regional office

"It has been 30 days", therefore petitioner counts it as a denial.

On September 8, 2020, petitioner mailed BP-11 to the Central office. Petitioner has not yet to receive a receipt or a response from the Central office regarding petitioner's BP-11. Once petitioner receive a response from the Central office, petitioner will forward same to the courts.

Under 18 U.S.C. § 3582 (C)(1)(A), as modified by the "First step Act" (December 21, 2018), a court may reduce a defendants sentence upon motion of the Director of the Bureau of Prisons (BOP) or upon motion of the defendant. The court in determining the circumstances must also consider the factors in 18 U.S.C. § 3553(a).

PETITIONER MEDICAL CONDITIONS

Petitioner suffers from various chronic conditions such as, high blood pressure and chronic pulmonary problems (COPD). Petitioner was hospitalized at the John Peter Smith Hospital in Fort Worth, TX in the year 2014 and was then diagnosed with one lung functioning at a minimal percentage 20% in comparison to the other. Since then petitioner struggles with breath shortness daily.

According to the Center for Disease Control (CDC), people that are at high risk for severe illness or death from COVID-19 that qualify, include, but are not limited to; people 65 years or older; people with asthma, diabetes, high blood pressure, obesity, and other chronic issues such as COPD.

REASON FOR GRANTING MOTION

Prison settings carry an increased risk for COVID-19, where inmates live and work in close proximity and have to share common areas daily such as showers, phones, computers, etc. Therefore consistent social distancing is impossible to practice even when some inmates and staff don't wear their masks or are enforced to maintain strict hygiene, and to take other preventive cautions, which can develop serious complications to those with compromised immune systems and other medical vulnerabilities.

USP LEWISBURG

As of now USP Lewisburg is on lockdown and have reported over 60 positive cases of COVID-19.

PETITIONER LIKELIHOOD OF RE-OFFENDING

While serving almost five years of petitioners 360 months sentence, petitioner has never received a infraction nor had any problems. Petitioner has been a model inmate and have always abided by the institution rules. Petitioner has an excellent conduct and has taken numerous programs and classes which has helped him on his rehabilitation. Herewith are documents of petitioners programming sheet.

Pending charges: Petitioner has no outstanding / pending charges. Petitioner is pending deportation to Mexico.

Restitution: Petitioner does not owe any restitution obligations made by the courts.

RELEASE INFORMATION

If petitioner is released, petitioner will be living with petitioner's Mother, her name is Silvestra Castillo, her phone number is 011521-834-2741-395.
Address as follows:

Ejido las Compuertas Mpio de Llera de Canales
Tamaulipas Mexico, 87200

If released, petitioner will protect himself and his family from COVID-19.

Accordingly, this court has authority pursuant to 18 U.S.C. § 3582 (C)(1)(A), to reduce petitioner's sentence.

Date September 30, 2020
Respectfully Submitted

I need my father in my life I miss my father and everyday I cry knowing that he is older and as the years pass by and the problem he has I don't know when am I going to see him again, my grandmother my (father's mother) needs him as much as all of us, my grandfather just passed away one year ago. my father did not have the chance to say

his last good bye to my grandfather.

I have ten children PLUS my little sister who is ten at the moment, she more than any of us need him, my youngest baby is 7 months and has downsendrom it is not easy or affordable for us to travel to see him like we would love to.

I really pray and hope this letter touches your heart your honorable Judge Reed C. Please your honorable Judge Reed C. Oconer, Please take this letter into consideration.

My father by My side it is so hard for Me
to go to sleep every night and thinking about

Matide cabrera

Dear Judge Reed C. O'conner,

My name is Epitacio Cabrera Castillo, #12732-179, date of birth 5/23/1962. First of all I respectfully want to apologize to you Honorable Judge and your court.

Honorable Judge O'conner, I would like to ask for your consideration to grant me compassionate release pursuant to 18 U.S.C. § 3582 (C)(1)(A).

I am currently incarcerated at USP Lewisburg where as of now over 60 inmates have tested positive for COVID-19. I suffer from various conditions the CDC has listed as elevating risk factors for COVID-19. I have high blood pressure and I have chronic pulmonary problems (COPD).

In the year 2013 I was hospitalized at the John Peter Smith hospital in Fort Worth, TX and was then diagnosed with (COPD) and one lung functioning at a minimal percentage in comparison to the other, because of this chronic condition I struggle with breath shortness all the time and I have to use Albuterol pumps daily.

This is the reason why I write to you, with this chronic pulmonary illness I need proper medical attention which in prison is not possible, I have been denied several times my medication and even an evaluation when I have sent numerous requests to the Medical Staff even when they had seen my in emergency situations when I could not hardly breath.

I write to you Honorable Judge Asking for compassion and help. The time that I have spent in prison has taught me to become a person of good. I have my family that worries of my well being and I worry for

them, my Mother, my wife, my children, my brothers. I have a daughter that is 10 years of age, and a son of 9 years of age and I would like to have an opportunity to live with them the years or the time that God would allow me to be with my children and family.

I have stayed out of trouble in prison, I have an excellent conduct and have never received any disciplinary infraction. I spend most of my time working, and taking all the classes and programs that are at my reach.

If you would grant me the Compassionate release, I would use that opportunity to return to my country Mexico and will live with my brother Humberto Cabrera or my sister Maria Dobres Cabrera.

My brother works for the Federal Commission and my sister owns a pharmacy and both are willing to help me.

My release plan is to build water farms to raise tilapia fish and lobster in my father's land. There we have permanent national waters. And also I will ask the Government for help to make a home for Senior citizens and disabled. Where I am from, we do not have that type of help and I would like to build those homes to help the elderly and to help my Mother that is 80 years old, has diabetes and is a widow. My father died last year on 7/16/2019, because he suffered from Asthma, high blood pressure and Alzheimer's disease. My wife will go to Mexico with me and I will take care of her, she has diabetes and the Doctors have amputated various fingers of her feet because of the disease. My sons and children are American citizens and will visit me as much as they can. I the support of my sons and family.

This is the address of my Sister's pharmacy in Mexico:

Maria Dolores Cabrera

Calle Hidalgo en Llera de Canales

Municipio Conocido 87200 Tanaulipas Mexico

Phone: 01152-832-323-0500

Honorable Judge, I would like to thank you and thank God if you grant me the opportunity because of my illness. And I would like to apologize for the problems and mistakes that I committed.

I want to personally apologize to you and the State and the Country for my wrong doings. From the bottom of my heart, I am Sorry.

God bless you, your family and everyone out there.
Be Safe.
